

Customer's Tax Responsibilities

Last updated on June 17, 2018

Reminds all customers of your responsibility to pay applicable taxes from digital asset trading. Please consult your own tax advisor as tax laws and regulations change periodically. QWallet is not responsible for customers' tax obligations.

Transaction history

Customer transaction history provides information used to determine any gain/loss on your digital asset activity on QWallet.com. Such information includes:

- Time and Date
- Trading Type
- Amount
- Balance
- Fees

Applicable taxes to digital assets in the US

The US Internal Revenue Service (IRS) has released guidelines for how to report and pay taxes relating to digital assets (also called virtual currency or convertible virtual currency). Customers can read the guidelines from the official www.irs.gov website, including <https://www.irs.gov/pub/irs-drop/n-14-21.pdf>
